

Meet the Co-Communication Directors!

Mira ('28) and Lucy ('28)

If you were a season, which one would you be and why?

Mira: I would be summer because I'm from Evanston, IL and my favorite memories are going swimming in Lake Michigan and roasting s'mores. Summer is a very happy and joyful time.

Lucy: I would be late spring because the weather is getting warmer after a cold New England Winter, and the end of the school year is coming closer. Everyone's spirits are always high!

Favorite OLEEP Activity last year?

Mira: My favorite OLEEP activity last year was our activity on fossil fuels and greenhouse gases. I found this one fun to teach, and very interactive because we modeled the destruction of fracking using chocolate chip cookies.

Lucy: My favorite OLEEP Activity was our trip to the RISD nature lab. It was so fun to get out of the classroom with the mentees and do a scavenger hunt to find and classify the different animals.

What's a sustainable habit of yours you think others should try adopting?

Mira: I'm a pescetarian, which I would recommend everyone try out for at least a day-of-the week! Not only does eating more plant-based food save water, it also creates fewer greenhouse emissions compared to the meat industry.

Lucy: I am lucky enough to live in a city where I don't need a car, so walking and public transport are always my go-to. Although this is a bit harder in Providence, I try to take the RIPTA and go on long walks as much as possible!

Favourite food spot on Thayer street?

Mira: My favorite place to eat on Thayer is Bajas. Their bowls are easy to customize and super tasty!

Lucy: My favorite place to eat on Thayer is definitely East Side Pockets! Its relatively affordable and the food is always delicious. A close second is Feed the Cheeks for a late-night treat.

Favorite Ben and Jerry's Ice cream flavor

Mira: My favorite flavor is Half Baked — you can have brownie and cookie dough at the same time!

Lucy: My favorite flavor has got to be Phish Food. I love marshmallows and caramel.
