Vision

To make mushroom growing simple, accessible, and rewarding for anyone no matter where they live.

Mission

At Emory Market Gardens, we grow more than just mushrooms—we grow knowledge, relationships, and a deeper appreciation for the natural world. Through sustainable farming, hands-on education, and high-quality gourmet products, we aim to make fresh, local mushrooms accessible and exciting for everyone.

Goals

Grow with Integrity – Sustainably cultivate a diverse range of gourmet mushrooms while prioritizing freshness, quality, and responsible land stewardship.

Educate and Inspire – Offer accessible, engaging learning opportunities through mushroom growing classes, blog content, and community outreach.

Strengthen Local Food Systems – Build strong ties with local farmers markets, restaurants, and families in East Texas, supporting a healthier, more resilient local economy.

Promote Mushroom Literacy – Help people understand the value, versatility, and health benefits of mushrooms through approachable content and product experiences.

Foster Community Connections – Create a welcoming space—online and in-person—where people can explore, learn, and grow through the shared love of mushrooms and the natural world.

Growing with Passion and Dedication.

At a Glance: What We Offer

- **Farmers Markets:** You can find us at four farmers markets each week in East Texas during the growing season, bringing our freshest harvests directly to our local community.
- **Educational Workshops:** We host monthly mushroom cultivation classes that cover the growing process from the beginning to harvest.
- **Local Ordering:** Fresh mushrooms are available for online purchase through our website, with convenient pickup options at farmers markets or partnered local facilities.
- **National Product Shipping:** We proudly offer nationwide shipping across the U.S. for our premium mushroom cultivation products offering high quality supplies for every stage of the growing process.
- **Additional Product Offerings:** We craft and sell a variety of artisanal mushroom products — with a constantly evolving lineup to showcase the versatility of mushrooms. Our current offerings include: Tinctures, powders, herbal mushroom teas, and mushroom jerky.
